

Site inspection to assess compliance with Part VI Environmental Protection Act 1990 and the Genetically Modified Organisms (Deliberate Release) Regulations 2002

Consent reference 10/R29/01

Consent holder The Sainsbury Laboratory, John Innes Centre.

Release details Potato late blight resistance.

Fera site number 10/R29/01/01 INSP 02 (2010)

Site details John Innes Centre, near Norwich.
OS Reference TG 179 076

Crop grown Potato

Site inspection date 20/09/2010

Site inspection number 2 (harvest inspection)

Staff seen Laboratory Manager for the Sainsbury Laboratory; Horticultural Manager.

Inspection details A harvest inspection was carried out on this 2010 research and development potato trial managed under consent 10/R29/01.

The inspection included checks on the method employed to harvest the crop, the protocols in place for cleaning equipment, and arrangements for transport, storage and disposal of the harvested material. All procedures were found to be in accordance with the consent conditions.

Report conclusions The GM Inspectorate is content that the release is consistent with the conditions of the consent and did not identify any risks to human health or the environment posed by the genetically modified organism.

Action taken None.
